calgary office

lemay+TOKER

Lemay is always looking for top talent. Our vision: to be a world reference in the integrated design of sustainable living environments with a distinctive approach. Join our dynamic team whose diverse expertise and personalities create incomparable places.

CORE RESPONSIBILITIES

We are looking for a passionate landscape architect to join our award winning and multidisciplinary team. His or her role will involve the following responsibilities:

- Developing major urban projects such as civic spaces, urban parks and streetscapes
- Actively participating in the development of master plans through an integrated design approach involving multidisciplinary teams
- Assuming responsibility for the preparation of construction documents and quality control
- Managing medium to large-scale projects, planning the required workforce, tracking budgets and coordinating administrative support
- Support the establishment of landscape architecture and urban design services, and strong relationships with our clients

QUALIFICATIONS

- Bachelor's degree in landscape architecture
- AALA membership in good standing
- Minimum 10 years of experience
- Strong design skills and experience in master plans as well as working drawings
- Proficiency in AutoCAD, Photoshop, Illustrator, InDesign and MS Office
- Team-oriented leadership
- Curiosity, innovation and solutions-based creativity
- Bilingualism an asset

ADVANTAGES

- Competitive salary
- Creative work environment
- Opportunity to work on impactful projects
- Flexible group insurance plan
- 2-3 weeks of vacation
- Professional association fees paid at 100%

WORKPLACE

Suite 1180, 340 12 Ave. SW, Calgary, AB
